

TYPEWRITERS

FOR
Christmas and New Year
And Every Day in the Year.

FACTORY REBUILT

"FACTORY REBUILT" does not mean merely repairing and adjusting, but a complete rebuilding of a machine, the replacing of all worn parts, new platen, new type, etc., resulting in a reconstructed typewriter, practically new and perfect in every particular.

If you are not posted on the REAL value of typewriters, leave it to us, and we will advise you rightly. Some machines have been sold chiefly on reputation, without much regard to actual merit. But we will advise you as to the relative worth of each machine for its respective use. "Reputation" may be defined as a thing that keeps a man going after he has lost his character, but we KNOW.

If you have prejudices or preferences, we can fit and please you. It is just as profitable for us to sell you the machine of your choice as any other. We have the goods and the prices.

Every machine carries the same guarantee a manufacturer gives on a new one.
